

AGWSD Calendar 2013

If you would like to submit any photographs to be considered for inclusion in the AGWSD calendar for 2013, we are about to start the planning process. The photographs which were submitted last year will be re-entered into the selection process, but new submissions will be welcomed, to a maximum of four from any one Guild member.

As in previous years, photographs can cover any aspects of our crafts, such as examples or details of your own work, guild activities, animals whose fibres you spin, plants used for fibre or dyes, crafts or craftsmen from other countries, and so on.

NB All photographs must be in landscape format and of good quality if they are to be chosen for the postcards.

Digital photographs should have a resolution of at least 200 in order to print satisfactorily. These should be sent to calendar@wsd.org.uk and prints or slides should be sent to Hilary Turner. Please ask your Guild secretary for my postal address.

Each submission should be accompanied by the name and contact details of the photographer and/or maker, their guild, together with a short description of the subject of the image, with the techniques and materials used. If the submission is of somebody else's work, you must obtain the permission of the maker first.

If you or a representative of your Guild is going to attend the AGM and/or Conference at York at the end of March, submissions can be delivered to me in person.

If you wish to have the photograph returned to you, please include a stamped addressed envelope.

The deadline for submissions is April 14th.

Hilary Turner
