BRITISH
ALPACA
FUTURITY

2012

alpaca fibre Arts Village

Hall 3A National Exhibition Centre

Friday March 16 and Saturday March 17 2012

Alpacas have been domesticated for thousands of years and their fleeces are highly prized, one of the 'noble fibres', alpaca is soft, luxurious, known for its silky feel, weightlessness and warmth and comes in a variety of natural shades from pure white through the fawns and browns to grey and true black.

Are you interested in working with alpaca fibre and yarns? Come and see what can be done. Fleeces, tops, yarns and a range of beautiful textiles will be for sale. The 'village' invites hand spinners, weavers, knitters and felt makers to come – to display their products, demonstrate their craft – or shop 'till they drop. Visitors will be able to find out more about alpacas through 'Discover Alpacas' presentations, meet these beautiful animals and the breeders.

Workshops that must be booked in advance and include - a hand spinning workshop with Jean Field at mid day on the Friday and on the Saturday three workshops by the couture felt maker Liz Clay and an 'Introduction to Lace Knitting' workshop with Jean Field. There are also competitions for hand spinning, knitting, weaving, felting and dyeing, photography and art.

All stand bookings and competition entry forms can be found at

www.britishalpacafuturety.com

Day entry tickets to the British Alpaca Futurity event are £5 for a family available to buy online at www.britishalpacafuturety.com
